What I Love ABOUT VIDEOGRAPHY IS
THAT IT CAPTURES A MOMENT THAT'S GONE
FOREVER, IMPOSSIBLE TO REPRODUCE."

MEET *The Videographer*

WELCOME!

Hi, I'm Matt, your videographer. Ever since I can remember, I've had a camera in my hands. I remember holding a large VHS camcorder in the later 1980s filming my friends and family. Of course, nowadays, technology has changed and the cameras are a lot smaller and lighter!

Over the years, I've enjoyed vast experiences in videography and filmmaking. Since 2015, I've turned my attention to capturing one of the most important days of people's lives - weddings. I believe there is nothing more powerful than capturing the emotions of the BIG day on film. And because of this very reason, I take my job seriously. I make sure to capture all the important details of your wedding day. I'm dependable, and easy to work with, and I understand how important this day is to both of you. For these reasons and more, you won't be disappointed in hiring me as your wedding videographer.

The Benefits

AFFORDABLE PACKAGES

I offer a variety of video packages that fit within most couples' budgets. Starting at only \$1,500, all packages include an interactive, online DVD, a digital copy of your video, and plenty of hours to capture all the important details of your wedding day. My pricing is very competitive so contact me today before my calendar fills up.

YEARS OF EXPERIENCE

As a former professional TV videographer and filmmaker, I bring lots of experience to your wedding day. In addition to my filming experience, I understand how the wedding day flows and unfolds. This is crucial for a successful and stress-free wedding day experience.

YOU HIRE ME

You hire me, not a contractor. Since I only trust myself to do the very best job possible, if you decide to hire Family, Film, and Life, I will personally be there on your big day. The only case where they may be another videographer is if you decide to hire an assistant as an add-on option.

A PERSONAL TOUCH

Each wedding day that I film, hours of work go into the video editing process. I don't use "cookie-cutter" templates. I'm dedicated to every wedding video by using music, titles, and cinematic edits. Every client that I work with receives a personal touch. Making sure you are 100% happy with your video is my priority.
